

Product By Gaheel Enterprises.

About Us

We are One of the fastest growing brand in India for high quality Window Blinds ,Curtains and Awnings. We offer extensive and mesmerizing range of all type of motorized and manual Window Blinds Curtains and Awnings which will not only enhance the aesthetics of your place but also help in saving the energy.

Our Wide range of Products also helps you to add glamour to your office and living room. From Contemporary to traditional our collection of products let you choose from a huge array of color and texture within your budget. We strive to bring you best quality at most attractive price.

Since our humble inception in 2018 we have a single purpose of offering great innovative products & services to our client. The idea was to provide modern innovative architectural product, which are ecofriendly, energy efficient, easy to install, and long lasting.

Our team comprises of committed and efficient workforce who are dedicated to providing maximum satisfaction to their client in terms of product quality and after-sales service. All our products go through numerous quality checks before reaching the final customer. Further, our products are perfect for the 'Green Building' concept gaining popularity nowadays as our fabrics come with various certifications such as Greengaurd, Microban, Flame retardant, etc. Ultimately, we are able to offer high-quality products at an affordable price due to economies of scale which provides us with a competitive edge in the market.

Mission :

To deliver high-quality, sustainable products and services to our customer that exceeds their expectations and contribute to make their place more beautiful and comfortable”

Vision :

To become an spontaneous name that comes in every mind when they imagine to make their windows more beautiful
